Please use this booklet as a guideline. There is a lot of information to digest here so if you need us to break anything down, please request a call back from us or or drop us an email. [Click Here To Request A Callback](#)

The price for each stationery item is broken down into 2 main parts.

1. The cost of the artwork
2. The cost of printing

In others words, **(Cost of Artwork) + (Cost of Printing) = Total cost of my order**

You can use the same artwork on more than one stationery item. ***This only applies to items from the same artwork group.**

For example, **Small A6 Head and shoulders caricature drawings** can be printed as **place cards** but can also be printed in a Guestbook. In this instance, you will only pay for artwork once.

*The price for this particular package would be worked out like this > **(Cost of small head and shoulders artwork) + (Cost of A6 place card printing) + (Cost of guestbook printing) = Total cost of my order***

**For seating plans, there's an additional charge for the 'preparation' of the artwork before printing. More on this later. **
